

PPHL

Class A rain defence up to 3 m/s

- > Penthouse Louvre
- > High Performance Blade

DESCRIPTION

The PPHL is a louvre system that encases a mullion structure to create a roof turret.

The uniquely shaped high performance louvre blade provides excellent water repellent characteristics.

CONSTRUCTION

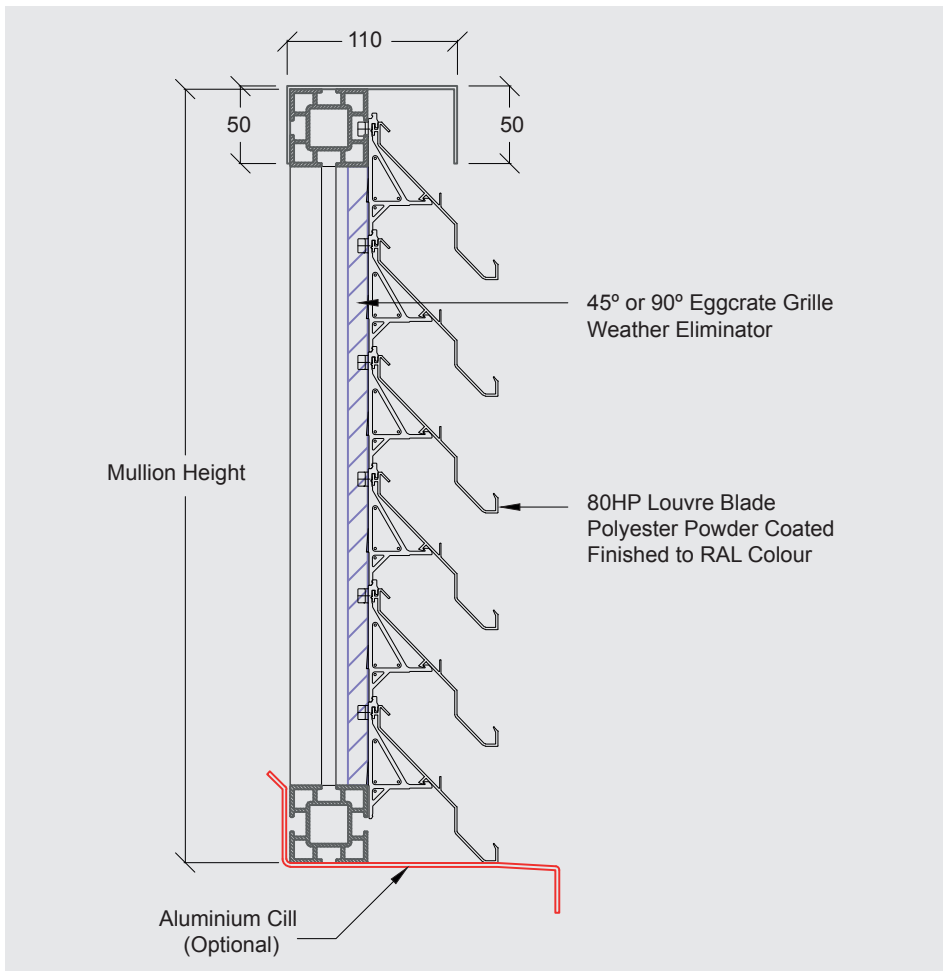

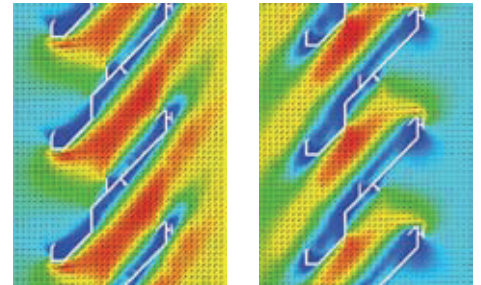

Extruded Aluminium.

Options:

Insect screen:

- Stainless steel mesh 2.3 x 2.3 mm
- Stainless steel mesh 6 x 6 mm (vermin screen)
